REVENUE DEPARTMENT.

APPOINTMENT.

SALT, BEKARI AND CUSTOMS DEPARTMENT.

Fort St. George, January 23, 1906.

No. 53.—Mr. Edwin Ebenezer Scott, Inspector, First Grade, to act as Assistant Commissioner, Obicacole sub-division, vice Mr. George Whitton Brown on leave or until further orders.

NOTIFICATIONS.

Fort St. George, January 29, 1906.

No. 54.—In the case of the Minor Zamindar of the Chundi estate, now a ward under the Court of Wards. His Excellency the Governor in Council, with the previous sanction of His Excellency the Governor General in Council, is hereby pleased to declare, under section 45 (1) of the Madras Court of Wards Act, I of 1902, that the execution of decrees passed by Civil Courts, which are capable of execution by sale of any immoveable property of the said ward or which, in pursuance of a contract specifically affecting any such immoveable property, order the sale of the same, whether such decrees be passed prior to the date of this notification or subsequent thereto, be transferred to the Collector of the Nellore district.

Fort St. George, January 23, 1906.

No. 55.—His Excellency the Governor in Council is pleased to declare, under the provisions of section 16 of the Madras Forest Act (V of 1882), that, from 1st April 1906, the area, the boundaries of which are set forth in the schedule below, shall be constituted a "reserved forest".

SCHEDULE.

Number.	District.	Taluk.	Name of Block.	Boundaries.
119	South Canara ..	Kasaragod ..	Adur ..	<p>North.—Starting from cairn No. 1 on the left bank of the Payaswani river, about forty-five yards west of the north-western corner of muli warg No. 178 (survey No. 31), the boundary follows that bank of the river northward and eastward for about three furlongs to cairn No. 2 on the same bank; thence south for about two hundred and sixty yards to cairn No. 3 overlooking the southernmost point of the western boundary of Mepukadava cultivation, muli warg No. 168 (survey No. 34); thence south by east for two furlongs to cairn No. 4, situated one hundred yards west of the westernmost point of Mannakadavu cultivation, muli warg No. 63 (survey No. 35); thence south-south-east for three hundred and fifty yards to cairn No. 5 and north-east for four hundred and sixty yards to cairn No. 6 to the south of muli warg No. 61 (survey No. 37); thence east by south for about one hundred and fifty yards to cairn No. 7 and east passing along the south side of muli warg No. 212 (survey No. 39), for two hundred and forty yards to cairn No. 8; thence passing along the west side of muli warg No. 73 (survey Nos. 42 and 44) south-east for one hundred and fifty yards to cairn No. 9; thence passing around the Kallade cultivation, muli warg No. 65 (survey No. 43), south by east for about two hundred and ninety yards to cairn No. 10, east-south-east for one hundred and twenty yards to cairn No. 10-A, east-north-east for one hundred and eighty-eight yards to cairn No. 11 and north by west for three hundred and fifty yards to cairn No. 12, overlooking muli warg No. 73 (survey No. 44) from the east; thence north-north-east for two hundred and forty yards to cairn No. 13 overlooking muli warg No. 238 (survey No. 41) from the south; thence passing along the south sides of that survey number and Mainsul cultivation, muli wargs Nos. 70 and 108 (survey No. 47) east by north for one hundred and fifty yards to cairn No. 14 and east for two hundred and sixty yards to cairn No. 15 overlooking Palecochi cultivation, muli warg No. 237 (survey No. 65) from the west; thence passing around that cultivation and the Yedandur and Akradu cultivations, muli warg No. 181 (survey Nos. 64 and 62) and Mela Akradu cultivation, muli warg No. 130 (survey No. 195) south-south-east for one hundred and ten yards to cairn No. 16, south-east for one hundred and fifty yards to cairn No. 17, west-south-west for one hundred and thirty yards to cairn No. 18, south by east for two hundred yards to cairn No. 19, east by south for the same distance to cairn No. 20, south-south-east for one hundred and eighty yards to cairn No. 21, east-north-east for three hundred and thirty yards to cairn No. 22, south by east for two hundred yards to cairn No. 23, east-north-east for two hundred and twenty yards to cairn No. 24, south-east for one hundred and fifty yards to cairn No. 25, south by east for two hundred yards to cairn No. 26, east-north-east for two hundred and twenty yards to cairn No. 27, north slightly west for three hundred and ten yards to cairn No. 28 and north-west for the same distance to cairn No. 29 to the south of Cherula Kelamule cultivation, muli warg No. 162 (survey No. 60); thence passing along the south side of that cultivation, the southern and eastern sides of Bellachery cultivation, muli warg No. 13 (survey No. 196) and the west side of Nagathamule cultivation, muli wargs Nos. 159 and 163 (survey No. 274) east by north for one hundred and thirty yards to cairn No. 30, east slightly south for one hundred and ninety yards to cairn No. 31, north by east for two hundred and twenty yards to cairn No. 32, east-north-east for two hundred yards to cairn No. 33, east-south-east for two hundred and sixty yards to cairn No. 34 and south-south-west for three hundred and twenty-five yards to cairn No. 35 overlooking the last-mentioned cultivation from the south; thence east slightly north for three hundred and seventy yards to cairn No. 36 to the south of Kodpadi cultivation, muli wargs Nos. 183, 21 and 185 (survey Nos. 278, 279 and 284); thence passing along the southern side of that cultivation and of Mandebettu cultivation, muli warg No. 30 (survey Nos. 206 and 230) east-south-east for three hundred and thirty yards to cairn No. 37, south for two hundred and fifty yards to cairn No. 38, east by south for three hundred and thirty yards to cairn No. 39 and east-south-east for one hundred and thirty yards to cairn No. 40 overlooking Katambite cultivation, muli warg No. 231 (survey No. 165) from the north-west; thence passing around that cultivation along its western, southern and eastern sides south for two hundred yards to cairn No. 41, east for one hundred and fifty yards to cairn No. 42, north-north-east for three hundred and seventy yards to cairn No. 43 overlooking the Mandebettu cultivation above mentioned from the east; thence north-north-west for three hundred and twenty yards to cairn No. 44 to the south of muli warg No. 187 (survey No. 292); thence east slightly north for three hundred and thirty yards to cairn No. 45 and east-south-east for two hundred and sixty yards to cairn No. 46 to the south-west of Mundalakaje cultivation, muli warg No. 91 (survey No. 293); thence passing along the south side of that cultivation and the western, southern and eastern sides of Valakochi cultivation, muli warg No. 83 (survey No. 314) east for four hundred and sixty yards to cairn No. 47, south-south-east for four hundred and twenty yards to cairn No. 48, east slightly north for two hundred yards to cairn</p>

Number.	Boundaries.
119— cont.	<p><i>West.</i>—Thence that bank of the Payaswani river northward for about seven furlongs to cairn No. 107 of the Karadka reserve; thence the same bank of the river northward to cairns Nos. 102, 101 and 81 of Karadka reserve, the last mentioned cairn being on the boundary between Karadka and Aduru villages; thence up the bank of the Payaswani river for about nine furlongs to cairn No. 80 of Karadka reserve; thence across the river to of the Payaswani river for about nine furlongs to the south-western corner of Kadama-cairn No. 146 on its left bank ninety-five yards south-south-west of the southern side of that cultivation; muli warg No. 8 of Aduru (survey No. 24); thence along the southern side of that cultivation and of muli warg No. 199 of Aduru (survey No. 26), south-east for one hundred and five yards to hundred yards to cairns Nos. 147 and 148, respectively, east-north-east for one hundred and thirty yards to cairn No. 150 overlooking the south-eastern corner of the last-mentioned cultivation; thence north-north-east for five hundred yards to cairn No. 151 situated at the survey stone at the south-eastern corner of muli warg No. 259 of Aduru (survey No. 27); thence to cairn No. 152 situated at the north-east corner of that field; thence north-north-west to cairns Nos. 153 and 154 at the two eastern survey stones of muli No. 260 of Aduru (survey No. 28); thence west-north-west for two hundred and twenty yards to cairn No. 155; thence north slightly east for one hundred and seventy yards to cairn No. 156; thence north-north-west for two hundred and forty yards to cairn No. 157 overlooking muli warg No. 173 of Aduru from the north-east; thence past its northern side westward for ninety yards to the starting point.</p> <p>NOTE.—All the survey numbers above referred to belong to Aduru Casbah village.</p>

REMARKS.—A. The following cultivations are demarcated and treated as enclosures within the reserve, free from reservation:—

*I. Koyanikana cultivation, muli warg No. 220 (survey No. 167) of Aduru Casbah village—Boundaries.*—Starting from cairn No. 1 fifty yards north-west of the north-western corner of the survey field above mentioned, the boundary follows the line of the cultivation at an average distance of fifty yards from it, and runs north-east by east for one hundred and fifty yards to cairn No. 2, south-east by south for one hundred and twenty yards to cairn No. 3, south-west by west for one hundred and fifty yards to cairn No. 4 and north-west by north for one hundred and thirty-five yards to the starting point.

*II. Ambategaya cultivation, muli warg No. 227 (survey No. 21) of Aduru Casbah village, demarcated by four cairns—Boundaries.*—Starting from cairn No. 1 on the left bank of the Payaswani river about fifty yards north of the northernmost survey stone of the survey field, the enclosure boundary runs south-east for two hundred yards to cairn No. 2, south for one hundred yards to cairn No. 3, west for one hundred and eighty yards to cairn No. 4 and thence up the left bank of the Payaswani river for about two hundred and seventy yards to the starting point.

*III. Kadumane cultivation, muli warg No. 1 of Padikasba village (survey Nos. 5 and 6 of Aduru Casbah village), demarcated by nine cairns—Boundaries.*—Starting from cairn No. 1 on the left bank of the Payaswani river about one hundred and thirty yards north-west of the north-western corner of the said cultivation, the enclosure boundary runs east for two hundred and twenty yards to cairn No. 2, south for two hundred and sixty yards to cairn No. 3, east slightly south for three hundred and sixty yards to cairn No. 4, south by east for two hundred and sixty yards to cairn No. 5, south-west for one hundred and fifty yards to cairn No. 6, west by south for three hundred and ten yards to cairn No. 7, west-south-west for one hundred and eighty yards to cairn No. 8, and north-west for three hundred yards to cairn No. 9 on the left bank of the Payaswani river; thence up that bank of the river for about two and a half furlongs to the starting point.

*IV. Noranduguli cultivation, muli warg No. 88 (survey No. 8) of Aduru Casbah village, demarcated by five cairns—Boundaries.*—Starting from cairn No. 1 on the left bank of the Payaswani river about eighty yards west of the north-western corner of the survey field, the enclosure boundary runs up the stream for about two hundred yards to cairn No. 2, south-east for the same distance to cairn No. 3, south-west for one hundred and sixty yards to cairn No. 4, west by north for one hundred and fifty yards to cairn No. 5, and north-north-west for two hundred and sixty yards to the starting point.

*V. Balavantadka enclosure, consisting of muli warg Nos. 10, 17, 33, 62, 66, 127, 140, 167, 170 and 176 (survey Nos. 9, 10, 12, 13, 14, 15, 16, 17, 19, 20 and 21) of Aduru Casbah village, demarcated by nineteen cairns—Boundaries.*—Starting from cairn No. 1 on the left bank of the Payaswani river, situated one hundred and thirty yards west of the north-west corner of survey No. 9, the enclosure boundary runs for six furlongs up the stream to cairn No. 2 situated about one hundred and thirty yards north by west of the northernmost corner of the Balavantadka cultivation; thence east-south-east for four hundred and eighty yards to cairn No. 3, south-east for three hundred and ten yards and for four hundred yards to cairns Nos. 4 and 5, respectively, east by south for three hundred and thirty yards to cairn No. 6, south-east for one hundred and eighty yards to cairn No. 7, south-west for two hundred and twenty yards to cairn No. 8, south-east for two hundred and forty yards to cairn No. 9, south-west for two hundred and sixty yards to cairn No. 10, west-north-west for three hundred and thirty yards, one hundred and fifty yards and five hundred yards to cairns Nos. 11, 12 and 13, respectively; thence south-west for one hundred and fifty yards and one hundred and sixty yards to cairns Nos. 14 and 15, respectively; thence west-north-west for two hundred and twenty yards to cairn No. 16; thence west by south for one hundred and fifty yards to cairn No. 17, and west-south-west for two hundred yards to cairn No. 18; thence north-west for two hundred and sixty yards to cairn No. 19 and north-north-west for two furlongs to the starting point.

*VI. Bedratka cultivation, muli warg No. 209 (survey No. 66) of Aduru Casbah village, demarcated by five cairns—Boundaries.*—Starting from cairn No. 1 about forty-five yards north-west of the north-westernmost point of the cultivation, thence north for one hundred and ninety yards to cairn No. 2, east-south-east for two hundred yards to cairn No. 3, south for one hundred and ten yards to cairn No. 4, west by north for three hundred and thirty yards to cairn No. 5 and north for one hundred and fifty yards to the starting point.

*VII. Kanarya enclosure, consisting of Kanarya cultivation, muli warg No. 89 (survey No. 82), and Muttuthiya cultivation muli warg No. 114 (survey No. 83) of Aduru Casbah village, demarcated by eight cairns—Boundaries.*—Starting from cairn No. 1 about one hundred and sixty yards north of the north-western corner of Kanarya cultivation, the boundary runs south-east for about two and a quarter furlongs to cairn No. 2; thence south by west for one and a half furlongs to cairn No. 3; thence south by east for two hundred yards to cairn No. 4; thence south-west for two hundred and sixty yards to cairn No. 5; thence west by north for one hundred and ninety yards to cairn No. 6; thence north by east for two furlongs to cairn No. 7; thence north-west for three hundred and ten yards to cairn No. 8 and north by east for two hundred and forty yards to the starting point.

*VIII. Bailu enclosure, consisting of Bailu, Panji and Kundu Kana cultivations, muli wargs Nos. 10, 18, 32 and 161 and part of 13 (survey Nos. 69, 70, 71, 72, 73, 74, 75, 76, 77 and 78) of Aduru Casbah village, demarcated by fourteen cairns—Boundaries.*—Starting from cairn No. 1 about one hundred and fifty yards north-west of the Bowilluguli bhutastan, the boundary goes east-south-east for three hundred and fifty yards to cairn No. 2, to the north of the northernmost point of the muli warg No. 32 (survey No. 69); thence east by south for about three furlongs to cairn No. 3; thence east-south-east for one and a half furlongs to cairn No. 4; thence south-south-east for three hundred yards to cairn No. 5; thence east by south for two hundred and forty yards to cairn No. 6; thence south-south-west for two furlongs to cairn No. 7; thence west by north for two hundred yards to cairn No. 8; thence north-west for one furlong to cairn No. 9; thence west-south-west for four and a quarter furlongs to cairn No. 10; thence west-north-west for one furlong to cairn No. 11; thence north-west for the same distance to cairn No. 12; thence north-north-east for three and a half furlongs to cairn No. 13; thence west for two hundred and sixty yards to cairn No. 14 and north-east for one furlong to the starting point.

*IX. Dellarakaja enclosure, consisting of muli wargs Nos. 67, 247, 248, (survey Nos. 79 and 80) of Aduru Casbah village, demarcated by twelve cairns—Boundaries.*—Starting from cairn No. 1 about two hundred and ten yards west-north-west of the north-west corner of Dellarakaja cultivation, the boundary goes east-north-east for about one hundred and eighty

yards to cairn No. 2; thence east slightly north for one furlong to cairn No. 3; thence east by south for three hundred and ten yards to cairn No. 4; thence south-east for the same distance to cairn No. 5; thence east for ninety-five yards to cairn No. 6; thence south by east for the same distance to cairn No. 7; thence west-south-west for two hundred yards to cairn No. 8 and south-west for three hundred and ten yards to cairn No. 9 on the right bank of the Bandadka stream; thence down that bank of the stream for about two furlongs to cairn No. 10; thence north by west for one and three-fourths furlongs to cairn No. 11; thence north-west for two hundred and sixty yards to cairn No. 12 and north for one hundred and twenty yards to the starting point.

X. *Kuhihar dakkas* (survey No. 110) of *Aduru Casbah village*—Boundaries.—Starting from cairn No. 1 at its north-western corner, the line runs east by north for one hundred and thirty-five yards to cairn No. 2; thence south-east for one hundred and ten yards to the starting point.

XI. *Nerodi cultivation, muli warg No. 186* (survey Nos. 108 and 109) of *Aduru Casbah village*—Boundaries.—Starting from cairn No. 1 on the left bank of the Bandadka stream about one hundred and thirty yards west by north of the north-western corner of survey No. 108, the boundary goes east for about two hundred and forty yards to cairn No. 2 on the same bank; thence south by east for two hundred and sixty yards to cairn No. 3, west by south for one hundred and sixty yards to cairn No. 4 and north-north-west for one and a half furlongs to the starting point.

XII. *Neralkaje enclosure consisting of Neralkaje, Bhandarigudi, Ballangaya, Seunkaje, Surulodi and Nachupadupu cultivations belonging to muli wargs Nos. 25, 85, 86, 92, 93, 96, 97, 98, 116, 120, 121, 122, 190, 205, 232 and 243* (survey Nos. 116, 117, 119, 120, 121, 126, 127, 128, 130, 131, 135, 136, 137, 138, 139, 140 and 141) of *Aduru Casbah village*—Boundaries.—Starting from cairn No. 1 about one hundred and ten yards west-north-west of Surulodi cultivation (survey No. 139), the boundary goes east-north-east for two hundred and eighty yards to cairn No. 2; thence south-east for four hundred and seventy yards to cairn No. 3; thence north by east for two hundred and sixty yards to cairn No. 4; thence north-east for two hundred yards to cairn No. 5; thence east for three hundred and fifty yards to cairn No. 6; thence south for two hundred and ten yards to cairn No. 7 and east-south-east for the same distance to cairn No. 8; thence north-east for one hundred and ninety yards to cairn No. 9 and south-east for two hundred and eighty yards to cairn No. 10 on the left bank of the Bandadka stream; thence down that bank south-westward for a little over two furlongs to cairn No. 11; thence south-south-east for three hundred and sixty yards to cairn No. 12; thence south by west for three hundred and thirty yards to cairn No. 13 thence south-south-west for three furlongs to cairn No. 14; thence west-north-west for one hundred and ninety yards and two hundred and forty yards to cairns Nos. 15 and 16, respectively; thence south-west for two hundred yards to cairn No. 17; and north-west for two hundred and forty yards and four hundred and ten yards to cairns Nos. 18 and 19, respectively; thence west for two hundred and ninety yards to cairn No. 20 on the left bank of the Bandadka stream; thence across the stream north-west for one furlong to cairn No. 21, north-north-west for two hundred and twenty yards to cairn No. 22, north by east for two hundred and fifty yards to cairn No. 23, east for two hundred yards to cairn No. 24, south-east for one hundred and ninety yards to cairn No. 25, east-south-east for one hundred and eighty yards to cairn No. 26, and south-south-west for two hundred and eighty yards to cairn No. 27 on the right bank of the Bandadka stream; thence that bank of the stream eastward and northward for a total distance of about four and a half furlongs to cairn No. 28; thence north-west for three hundred and fifty yards to cairn No. 29 and north north-west for three hundred and fifty yards to cairn No. 30 and on in the same direction for two hundred and sixty yards to the starting point.

XIII. *Arthya cultivation, muli warg No. 64* (survey Nos. 132 and 133) of *Aduru Casbah village*—Boundaries: Starting from cairn No. 1 about one hundred and ten yards north by west of the westernmost point of the cultivation, the boundary runs east-south-east nearly three and a half furlongs to cairn No. 2; thence south-south-west for two hundred yards to cairn No. 3; thence west-north-west for one hundred and sixty yards to cairn No. 4; thence west by north for two and a half furlongs to cairn No. 5 and north-north-east for two hundred and eighty yards to the starting point.

XIV. *Otemule cultivation, muli warg No. 31* (survey No. 166) of *Aduru Casbah village*—Starting from cairn No. 1 about one hundred yards north-west of the north-western corner of the cultivation, the boundary runs east by north for two hundred yards to cairn No. 2; thence south-east for one and a half furlongs to cairn No. 3; thence south-west for one furlong to cairn No. 4, west-north-west for one hundred and fifty yards to cairn No. 5 and north-west for two hundred yards to cairn No. 6; thence north-north-east for one hundred and ninety yards to the starting point.

B. The following places of worship are also treated as enclosures within the reserve:—

1. The cave called *Nellithodu Thirtham* lying two furlongs to the north of *Thirthakere cultivation, muli wargs Nos. 222 and 223* (survey No. 88) of *Aduru Casbah* with a space seventy yards square all round, so as to allow the public to resort to the place and bathe in its water, which is considered sacred, and to make offerings.

Note.—The permission is liable to be withdrawn if the worshippers allow, through their neglect or wantonness, the neighbouring forest to catch fire.

2. The cave situated one hundred and fifty yards north-east of cairn No. 5 of *Bailu enclosure (No. VIII)*, with a space twenty yards all round, so as to allow the public to visit the place and perform ceremonies there.

Note.—The permission will be withdrawn if the worshippers occasion fire in the adjoining forest by their neglect.

C. The following rights to water are allowed within the reserve:—

1. Permission to the cultivator or cultivators for the time being of survey No. 196 (muli warg No. 13) of *Aduru Casbah* to keep in repair a tank, six yards long and two yards broad, situated sixty yards south-west of cairn No. 31, and to take its water for the irrigation of the said land by a channel, three feet broad and three feet deep, running north for fifty yards and quitting the reserve fifty yards west of cairn No. 31. Access to the tank and the channel should be by the bed of the channel, and materials for their repairs should be obtained from their beds and sides.

2. Permission to the cultivator or cultivators for the time being of survey No. 278 (muli warg No. 183) of *Aduru Casbah* to keep in repair a spring tank, six yards broad and six yards long, situated about a furlong south of cairn No. 35, for the purpose of replenishing the stream issuing out of the said tank; also to construct a stone dam, eight yards long and one yard high, across the said stream one hundred and twenty yards lower down from the tank, and to take off the water of the stream for the irrigation of the said land by a channel, half yard broad and half yard deep, which runs north for ninety-four yards and quits the reserve one hundred and thirty-three yards east of cairn No. 35. Access to the dam and the tank should be by the beds of the channel and the stream, and materials required for the repair of the tank and the dam should be obtained from the bed and the sides of the tank and the stream.

3. Permission to the cultivator or cultivators for the time being of survey No. 273 (muli wargs Nos. 159 and 163, of *Aduru Casbah* to construct a dam, six feet long, three feet high and three feet broad, across a jungle stream at a point one hundred yards east by south of cairn No. 35, and to divert the water of the stream for the irrigation of the said land by a channel, one foot deep and one and a half feet broad, taking off from the dam, running north for twenty yards and quitting the reserve one hundred yards east of cairn No. 35, and to repair the channel. Access to the dam and the channel should be by the bed of the channel, and materials required for the repair of the dam should be obtained from the bed of the stream.

4. Permission to the cultivator or cultivators for the time being of survey No. 279 (muli warg No. 21) of *Aduru Casbah* to keep in repair a tank, ten yards square and fifteen feet deep, situated about one hundred and twenty yards south-east of cairn No. 36, and to take its water for the irrigation of the said land by a channel, one foot broad and three to five feet deep, which issues from the tank and runs one hundred and fifty yards north and quits the reserve one hundred yards east of cairn No. 36, and to keep the channel in repair. Access to the tank and the channel should be by the bed of the latter, and materials for their repairs should be obtained from their beds.

5. Permission to the cultivator or cultivators for the time being of survey No. 206 (muli warg No. 30) of *Aduru Casbah* to put up a dam, thirty-five feet long, three feet high and two feet broad, across the *Otemule stream* inside the reserve and divert the water of the stream for the irrigation of the said land by a channel, one and a half feet broad and

one to three feet deep, which takes off from the dam, runs north to a distance of one hundred and five yards and quits the reserve one hundred and fifteen yards east of cairn No. 38, and to keep the dam and the channel in good repair. Access to the dam and the channel should be by the bed of the latter, and materials required for the dam should be obtained from the bed of the stream.

6. Permission to the cultivator or cultivators for the time being of survey No. 292 (muli warg No. 187) of Aduru Casbah (1) to put up a stone dam, six yards long, two yards high, and one yard broad, across the Vadambalai stream inside the reserve, and divert its water by a channel, three feet broad and two feet deep, running north-east for twenty-four yards and joining the Piliparambu stream, (2) to put up a stone dam nine yards long, two and a half yards high and one and a-half yards broad, across the latter stream at the point where the channel from the Vadambalai stream joins it and divert its water by a channel, three feet broad and two feet deep, taking off from the latter dam and running north-east and then north-west for seven hundred and fifty yards and quitting the reserve near cairn No. 43; again entering the reserve after doubling the said cairn and running north-west again for one hundred and forty yards and finally quitting the reserve one hundred yards east of cairn No. 44 and (3) to keep the dams and the channels in repair. Access to the dams and the channels should be by the beds of the latter and materials required for the dams should be obtained from the beds of the streams.

7. Permission to the cultivator or cultivators for the time being of survey No. 206 (muli warg No. 30) of Aduru Casbah to put up a dam, five yards long, one yard broad and one yard high, across the Vadambalai stream at a point two hundred and forty yards lower down the stream from where the dam referred to in item No. 6 supra is put up, and to divert the water of the stream for the irrigation of the said land by a channel, three feet broad and one and a half feet deep, taking off from the dam, running north-west for one hundred and forty yards and quitting the reserve eighty yards south of cairn No. 43; and to repair the dam and the channel. Access to the dam and the channel should be by the bed of the latter, and materials required for the repair of the dam should be obtained from the bed of the stream.

8. Permission to the cultivator or cultivators for the time being of survey No. 152 (muli warg No. 87) of Aduru Casbah to put up a dam, three feet long, one foot thick and one foot high across a jungle stream, at a point seventy-five yards north-east of cairn No. 60, and to take off the water of the stream for the irrigation of the said land by a channel, one foot broad and one foot deep, which runs south for sixty-eight yards and quits the reserve fifty-five yards south-east of cairn No. 60; and to keep the dam and the channel in good repair. Access to the dam and the channel should be by the bed of the latter, and materials for the repair of the dam should be obtained from the bed of the stream.

9. Permission to the cultivator or cultivators for the time being of survey No. 153 (muli warg No. 81) of Aduru Casbah to put up a dam, three yards long one yard high and one yard broad, across a jungle stream at the point where the foot-path to Chapakallu (P.R.W. No. XII) branches off from the Aduru-Chinadi-Pilliparamba-Samikoochi foot-path, to divert the water of the stream for the irrigation of the said land by a channel, one to three feet deep and one and a half feet broad which takes off from the dam, runs south-east along the Chapakallu foot-path for one hundred and ten yards and quits the reserve thirty-three yards west of cairn No. 159 of the Mandekole block; and to keep the dam and the channel in repair. Access to the dam and the channel should be by the bed of the latter, and materials for the dam should be obtained from the bed of the stream.

10. Permission to the cultivator or cultivators for the time being of survey Nos. 106 and 107 (muli warg No. 141) of Aduru Casbah to keep in repair a tank, six yards square, situated inside the reserve, one hundred and fifty yards north-east of cairn No. 99, and to take off its water to the said land by a channel, three feet wide and one and a half feet deep, which runs south-west for one hundred and twenty yards and quits the reserve one hundred and ten yards north of cairn No. 99. Access to the channel and the tank should be by the bed of the channel, and materials for their repairs should be obtained from their beds.

11. Permission to the cultivator or cultivators for the time being of survey No. 96 (muli warg No. 112) of Aduru Casbah, called Pallanji, to maintain in good repair a channel, four feet broad and two feet deep, which carries to the said land the water diverted from a stream by a dam which lies outside the reserve. The channel enters the reserve at cairn No. 104, runs west for four hundred yards and quits the reserve twenty yards north of cairn No. 117. Access to the channel should be by its bed.

12. Permission to the cultivator or cultivators for the time being of survey No. 93 (muli warg No. 111) of Aduru Casbah called Thaliyanadka, to construct a dam five yards long, two yards high and two feet broad, across a jungle stream one hundred and sixty yards north-west of cairn No. 127, and to divert the water of the stream for the irrigation of the said land by a channel, two feet broad and two feet deep, which takes off from the dam, runs south by east for one hundred and fifty-five yards and quits the reserve one hundred and twenty yards west of cairn No. 127. Access to the dam and the channel should be by the bed of the channel, and materials for the repair of the dam should be obtained from the bed of the stream.

13. Permission to the cultivator or cultivators for the time being of survey Nos. 91 and 92 (muli wargs Nos. 107 and 208) of Aduru Casbah to maintain a tank, eleven yards square, with stone walls one yard high and two feet thick on two sides, situated one hundred and fifty yards north-east of cairn No. 131, and to take its water for the irrigation of the said lands by a channel, one foot broad and one foot deep, which runs south-east for one hundred and seventy yards and quits the reserve sixty yards west of cairn No. 130; and also to keep the channel in repair. Access to the tank and the channel should be by the bed of the latter, and materials required for the repair of the tank should be obtained from its bed.

14. Permission to the cultivator or cultivators for the time being of survey No. 1 (muli warg No. 201) of Aduru Casbah to repair a tank, nine and-a-half yards long and four yards broad, situated about three hundred yards north-east one yard broad and two feet deep, which runs south-west and leaves the reserve boundary at a point seventy-two yards south of cairn No. 141.

15. Permission to the cultivator or cultivators for the time being of survey No. 126 (muli warg No. 25) of Aduru Casbah to put up a dam, two yards long, half a yard thick and half a yard high, across a jungle stream inside the reserve, at a point two hundred yards south-east of cairn No. 16 of Neralkaje enclosure, No. XII, and to divert the water of the stream north-west for two hundred and fifty yards and quitting the reserve fifty yards south-west of the dam, running enclosure; and to keep the dam and the channel in repair. Access to the dam and the channel should be by the bed of the latter, and materials for the repair of the dam should be obtained from the bed of the stream.

16. Permission to the cultivator or cultivators for the time being of survey No. 79 (muli warg No. 67) of Aduru Casbah (1) to put up a dam, ten yards long, two yards high and two feet broad, across a jungle stream one and-a-half furlongs north by west of cairn No. 4 of the Bellarakaje enclosure, No. IX, and to divert the water of the stream by means of a channel, one yard broad and two feet deep, running south for four hundred and fifty yards in a winding manner yards long, one yard high and one yard broad, across a jungle stream one furlong north by east of cairn No. 3 of the same enclosure and to divert the water of the said stream by means of a channel, three feet broad and one and-a-half feet deep, which runs south for one hundred and ninety yards and quits the reserve seventy yards east of the last-mentioned cairn, and (3) to put up a dam, six yards long, two yards high and one yard broad, across the junction of the above two jungle streams one hundred and thirty yards north-west of cairn No. 4 of the same enclosure and to divert the water of the stream by a channel, one yard broad and two feet deep, which runs south for one hundred and sixty-five yards and quits the reserve one hundred and forty yards east of cairn No. 3 of the enclosure. Access to the dams should be by the bed of the respective channels taking off from them and materials for repairs of the dams should be obtained from the beds of the respective streams across which they are put up.

D. The following rights of way are allowed to the public within the reserve :-

I. Foot-path from Mannakadavu to Mallakadavu.—It enters the reserve at a point six chains north of cairn No. 4, runs south-west for one-and-a-half furlongs and leaves the block at a point three chains north of cairn No. 152; it again enters the block at a point four chains south-east of cairn No. 146, runs south-east for four furlongs and enters the

Handwritten signature and notes in Malayalam script.

Balavantadka enclosure, No. V, at a point four chains north-west of its cairn No. 4. It again enters the reserve at a point fourteen chains north-west of cairn No. 19 of the said enclosure, runs along the eastern bank of the Payaswani river for some distance, then turns south-east and then south-west and enters the Kadumane enclosure, No. III, at a point two chains east of cairn No. 1 of the enclosure. It again enters the block at a point three chains south-east of cairn No. 9 of that enclosure, runs again along the eastern bank of the said Payaswani river and enters the Ambategaya enclosure, No. II, about a chain and a half south-east of cairn No. 1 thereof. It then quits the said enclosure about two chains east of cairn No. 4 thereof, runs south along the eastern bank of the Payaswani river and finally quits the reserve at cairn No. 144.

II. Mannakadaevu-Pandi foot-path.—Enters the reserve eight chains south of cairn No. 4 and running south-east for forty-eight chains quits it seven chains south of cairn No. 1 of Bailu enclosure, No. VIII.

III. Yedandur-Bailu foot-path.—Enters the reserve four chains east of cairn No. 21, runs south for thirty-two chains and quits it four chains east of cairn No. 3 of Bailu enclosure, No. VIII.

IV. Foot-path from Yedandur to Bedradka enclosure, No. VI.—Branches from the Yedandur-Bailu foot-path (P.R.W. No. III supra) at a point one hundred yards south of cairn No. 21, runs in a westerly direction for one hundred and forty yards and quits the reserve midway between cairns Nos. 3 and 4 of the Bedradka enclosure, No. VI.

V. Bailu-Kayanikana-Kodpadi foot-path.—Branches off from the Kodpadi-Hosagadde foot-path (No. VI infra) at a point about three furlongs north-east of cairn No. 5 of enclosure VIII, runs in a northerly direction for about three furlongs and thirty yards and quits the reserve between cairns Nos. 1 and 4 of the Kayanikana enclosure, No. I. It again enters the reserve between cairns Nos. 2 and 3 of the same enclosure, runs north-east for one furlong and quits the reserve about half a furlong east of cairn No. 35 of the reserve.

VI. Kodpadi-Kayolikana-Bailampadi foot-path or Hosagadde-Pallanji-Kuttikolu foot-path.—Enters the reserve at cairn No. 36 and running in a south-westerly direction for eighty chains quits it three chains north of cairn No. 5 of the Bailu enclosure, No. VIII. It again enters the reserve twelve chains north-east of cairn No. 10 of the same enclosure, runs south for fifty-four chains and quits it midway between cairns Nos. 120 and 121.

VII. Kodpadi-Otemule-Arthya-Neralkaji-Otekoshi foot-path.—Enters the reserve five chains east of cairn No. 36, runs south for twenty-five chains and quits it two chains west of cairn No. 2 of the Otemule enclosure, No. XIV. It again enters the reserve a little to the west of cairn No. 4 of the same enclosure, runs south for ten chains and quits it six chains west of cairn No. 2 of Arthya enclosure, No. XIII. It enters the reserve again six chains south of cairn No. 2 of the same enclosure, runs east for seven chains and quits it six chains east of cairn No. 5 of the Neralkaje enclosure, No. XII. It enters the reserve for the fourth time seven chains south of cairn No. 6 of the last-mentioned enclosure, runs east for fifteen chains, and quits it five chains south-west of cairn No. 9 of the same enclosure. It enters the reserve for the fifth time at cairn No. 10 of the same enclosure, runs east for fourteen chains along the northern bank of the Bandadka stream and finally quits it two chains north of cairn No. 66.

VIII. Aduru-Chinadi-Filiparamba-Samikochi foot-path.—Enters the reserve four chains west of cairn No. 47, runs south for twenty-seven chains, then south-east for thirty-six chains and then south for fourteen chains and quits the reserve four chains north-east of cairn No. 57. It again enters the reserve four chains south-east of cairn No. 57, runs south for ten chains and finally quits the reserve five chains south-east of cairn No. 60.

IX. Ocherakanda-Samikochi foot-path.—Enters the reserve three and-a-half chains north of cairn No. 53, runs south for forty-four chains and joins path No. VIII inside the reserve.

X. Path from Ocherakanda-Samikochi foot-path to Ballakana, muli No. 75 (survey No. 164 of Aduru Casbah), outside the reserve.—Branches from Ocherakanda-Samikochi foot-path (No. IX supra) about two furlongs south of cairn No. 53, runs east by south for about a furlong and leaves the reserve one hundred and forty yards north of cairn No. 55.

XI. Path from Aduru-Chinadi-Filiparamba-Samikochi foot-path to Meluhannikodlu, muli wargs Nos. 94 and 95 (survey No. 150) of Aduru Casbah, outside the reserve.—Branches from P.R.W. No. VIII supra about one hundred yards south of cairn No. 57, runs east for seventy-five yards and quits the reserve one hundred and eight yards south-east of the above-mentioned cairn.

XII. Path to Chapakallu, muli warg No. 81 of Aduru.—It takes off from Aduru-Chinadi-Filiparamba-Samikochi foot-path about one hundred yards east of cairn No. 60, runs south-east for half a furlong and quits the reserve thirty-three yards west of cairn No. 159 of the Mandekole proposed reserve.

XIII. Foot-path from Bellarakaje enclosure to Neduguri.—Enters the reserve at a point eight chains east of cairn No. 10 of the Bellarakaje enclosure, No. IX, runs south-west for one and a half furlongs to the north-east corner of the Kubihase enclosure, No. X. It again enters the reserve at the south-east corner of the latter enclosure, runs south-east for one and half furlongs and leaves the reserve at cairn No. 102.

XIV. Foot-path from Bellarakaje to Nerodi.—Enters the reserve at the point of entrance of the Bellarakaje-Neduguri foot-path (No. XIII supra), runs east for three furlongs and leaves the reserve on the west side of the Nerodi enclosure, No. XI about a furlong south of cairn No. 1 thereof.

XV. Balavantadka-Kanurya-Muttuthiya-Thalayanadka foot-path.—It enters the reserve three chains north-east of cairn No. 18 of Balavantadka enclosure, No. V and running south for twenty chains quits it at cairn No. 1 of Kanurya enclosure, No. VII; it again enters the reserve at cairn No. 4 of the same enclosure and running east by south for sixty-six and a half chains quits it finally at cairn No. 129.

XVI. Mullakadavu-Thirhakare-Katipare foot-path.—Enters the reserve at cairn No. 141 and follows the course of the Bandadka stream eastwards for a little over three furlongs and leaves the reserve about eighty yards north of cairn No. 139 D. It again enters the reserve about the same distance north of cairn No. 139-A, runs east by north for about a furlong and leaves the reserve midway between cairns Nos. 138 and 139. It enters the reserve again midway between a furlong and leaves the reserve midway between the course of the Bandadka stream for about three and a half furlongs and quits the reserve at cairn No. 134. It finally leaves the reserve ninety yards north of cairn No. 134.

XVII. Paths to the Nellithodu thirtham enclosure (B-1).—(a) Path I enters the reserve midway between cairns Nos. 137 and 138, runs north for two furlongs and enters the enclosure and (b) path II enters the reserve eleven yards north-west of cairn No. 11 of the Bailu enclosure, No. VIII, runs south-west for about one and half miles and enters the enclosure at its north-eastern corner.

XVIII. Pandi-Bellarakaje-Neralkaje foot-path.—It branches off from the Hosagadde-Pallanji-Kuttikolu foot-path (No. VI supra) at a distance of six chains south of its point of exit from enclosure, No. VIII and running south-eastward for twenty-three chains quits it three chains west of cairn No. 3 of Bellarakaje enclosure, No. IX. It again enters the reserve five chains south-west of cairn No. 8 of the same enclosure runs in an easterly direction for twenty-six chains and quits the reserve at cairn No. 21 of the Neralkaje enclosure, No. XII. It again enters the reserve at cairn No. 27 of the same enclosure and running east for sixteen chains crosses the Bandadka stream.

XIX. Balavantadka-Pandi foot-path.—Enters the reserve at cairn No. 5 of the Balavantadka enclosure, No. V and running in a south-easterly direction for forty chains quits it six chains south-east of cairn No. 12 of enclosure, No. VIII.

XX. Balavantadka-Kadumane foot-path.—Enters the reserve at cairn No. 18 of the Balavantadka enclosure, No. V, runs south-west for about three furlongs and quits it five chains west of cairn No. 4 of the Kadumane enclosure, No. III.

XXI. Path to the cave enclosure B-2.—It branches from the Kodpadi-Kayolikana-Bailampady foot-path (No. VI supra) at one hundred yards east by north of the point where it enters the Bailu enclosure, No. VIII and runs fifty yards north-west to the cave.

Note.—Paths Nos. I to XVI, XVIII, XIX and XX are open for men and cattle to a width of six feet, and Nos. XVII and XXI for men only to a width of three feet.
