Station 108 wherefrom Palghat Raja's land begins. From this point the boundary runs along Palghat Raja's land as far as station 173, the inward angles and distance from station 168 to 173 being follows.

Station No.	Angles		Distance in Links	Station No.	Angles		Distance in Links	Station No.	Angles		Distance in Links
168	129 ⁰	51	101	170	205 ⁰	42	133	172	142 ⁰	51	250
169	226 ⁰	43	149	171	178 ⁰	60	300	-	-		

Station 173 thence due north a distance of 460 links to the left bank of Karimpuzha thence the right bank of the Karimpuzha as far as the north- east most corner of the reserve.

East:- the boundary line continues along the right bank of Karimpuzha until the river enters survey No. 618 to station 174 on the right bank : thence along the northern and western boundaries of survey No. 618 as far as its south west corner (station 185): thence along the northern and western boundaries of survey No. 658 as far as the northern most corner of survey NO. 665 crossing Karamkudam puzha between station 185 and 186 (214) links on its left bank and 350 links from station 186 on its right bank): thence along the western boundary of the latter field as far as the north-east corner of 666; thence along the northern and western and western boundaries of the last mentioned field to its south-west corner (crossing small streamlets between stations 202 and 203, 203 and 204, 205 and 206 and 208 and 209 as per details below.

Stations 202 and 203- 200 links from station 202 on its left bank and 346 links from station 203 to its right bank

Stations 203 and 204- 200 links from station 203 on its left bank and 126 links from station 204 to its right bank

Stations 205 and 206- 30 links from station 205 on its left bank and 198 links from station 206 to its right bank

Stations 208 and 209- 10 links from station 208 on its left bank and 225 links from station 209 to its right bank

Thence along the western boundaries of survey NO. 667, 668 and 669 the northern , western and southern boundaries of survey No. 670 as far as the southern most angle of that field (Station 233) thence a part of the western boundary of survey NO. 690 to the western corner of survey No. 690 (station 244 crossing) the Siru puzha between stations 233 and 234 (15 links from station 233 on its left banks and 59 links from station 234 on its right bank).

South :- From the last mentioned point (station 224) the boundary line runs along the northern, western and southern boundaries of survey No. 692 (Station 226) as far as the extreme western angle of survey No. 693 (crossing water channels between stations 246 and 247, 252 and 253 and 254 and 259 and 260 as per details below:

246 and 247 - 230 links from station 246 on its left bank and 50 links from station 247 on its right bank.

252 and 253- 100 links from station 252 on its left bank and 210 links from station 253 on its right bank.

253 and 254 - 120 links from station 253 on its left bank and 109 links from station 254 on its right bank.

259 and 260 - 120 links from station 259 on its left bank and 131 links from station 200 on its right bank.

Thence along a small portion of the northern boundary of survey No. 695 as far as the north-east angle of survey No. 694 to station 267 crossing the Vallaitampatti puzha between stations 266 and 267 (230 links from station 266 on its left bank and 86 links from station 267 on its right bank): thence along the northern, western and southern boundaries of the latter field, thence along the extreme northern boundary of the large undivided field No. 695 (all of the Kadukkamkunnu desom) as far as the north western corner of the field, which is also the junction of the desom with Akathethara desom, thence along parts of the northern and western boundaries of the large undivided hill No. 26 of Akathethara desom, as far as its junction with Nochipully desom second part, thence along a part of the northern boundary of survey No. 307 the northern boundary and a part of the western boundary of survey No. 305 as far as north - eastern corner of survey No. 303, thence along the northern boundary of survey Nos. 303, 301, 268, 258, 257 and 206 to the north-west corner of the last named field (crossing the Dhoni puzha and stream between stations 314 and 315).

Station 314 and 315- 62 links from station 314 on its left bank and 602 links from station 315 on its right bank.

Station 332 and 333 - 213 links from station 332 on its left bank and 50 links from station 333 on its right bank.

Thence along a portion of the western boundary of survey No. 206 to the north east corner of survey No. 205, thence along the northern boundary of survey no. 205 as far as the northern most angle of survey No. 204, thence along the western boundary of survey No. 204, the northern boundaries of survey Nos. 202, 201 and 147 to the north -west corner of the last mentioned field, thence along the north-eastern boundary of survey No. 146 as far as the south-east corner of survey No. 115 thence along the eastern boundary of the latter field and the eastern northern and western boundaries of survey No. 113 as far as the south -west of that field, all of Nochipully desom second part (crossing a stream between stations 386 and 387, 392 links from station 386 on its left bank and 81 links from station 387 on its right bank): thence along the northern boundary of survey Nos. 55 and 49 of Oduvangad desom to the north-west corner of the latter field, thence along the northern boundaries of survey Nos 112, 110, 109, 108 and 106 of Nochipulli desom first part as far as the north-west corner of the north west corner of the last mentioned field.

West:- Thence the line runs along the eastern boundaries of survey No. 104 and 103 as far as the southern most corner of survey No. 101, thence along the southern boundaries of survey No. 101, 98, 97,96,95,94,93,91,90 & 85 as far as the south-east corner of the last mentioned field,

thence along the eastern boundaries of survey No. 35 and 84 the eastern and northern boundaries of survey No. 79 as far as the north west corner of survey No. 80 (crossing the Odamali puzha and a stream between station 451 and 451-A and 455 and 456 respectively as per details below).

Station 451 and 452 - 23 links from station 451 on its left bank and 303 links from station 452 on its right bank.

Station 455 and 456 - 30 links from station 455 on its left bank and 353 links from station 456 on its right bank.

Thence along the western boundaries of survey No. 80, thence continuing along the northern boundaries of survey No. 79, 78, 38, 37, 36, 16, 15, 14, 2 and 1 to the northern most angle of the last mentioned field (station 507) crossing under mentioned puzhas and streams.

Between stations 464 and 465 Puliampully puzha 64 links from station 461 on its left bank and 61 links from station 465 on its right bank.

Between stations 486 and 487 streams, 54 links from station 486 on its left bank and 197 links from station 487 on its right bank.

Between stations 489 and 490 streams, 237 links from station 489 on its left bank and 15 links from station 490 on its right bank.

Between stations 497 and 498 Karimpuzha 195 links from station 497 on its left bank and 67 links from station 498 on its right bank.

Between stations 498 and 499 streams, 215 links from station 498 on its left bank and 25 links from station 499 on its right bank.

Between station 506 and 507 - two streams -one stream 20 links from 506 on its left bank and 402 from station 307 on right bank, another 429 links from station 506 on its left bank and right bank touches the station No. 507 (the survey No. apportion to Nochapulli desom first part). Station 507 is the trijunction point of the Nochupulli desom, Mecheri Nair's forest and Chenat Nair Reserve Forests, thence in a northerly direction along the eastern boundary of Mechari Nair's forest Polappatta Nair's and Mukkunni kurup's forests with inward angles distance given below till it meets the starting point.
